SAFETY TIPS

CARJACKING PREVENTION TIPS

Location, Location, Location

Don't be surprised certain areas make it easier for carjackers to engage with you. Drivers should be aware of the following frequent carjacking locations:

Anywhere a driver slows down or stops, residential driveways (getting in and out of the vehicle), parking lots and garages, gas stations, ATMs, and intersections with stop lights

Safety Tips: Think Ahead

Keep in mind, always...

- Park in well-lit, visible areas.
- Keep your windows up and doors locked.
- Equip your vehicle with anti-theft/GPS.
- Give yourself room to maneuver around stopped traffic.
- Don't get 'boxed' in.
- Keep your cell phone in your pocket.
- Trust your instincts.
